UNFOLD INNOVATION: OPT TODAY FOR THE PACKAGING SOLUTIONS OF TOMORROW.

RONDO-PAK'S SOLUTIONS: INNOVATIVE AND SECURE IN THE FUTURE.

Counterfeit drugs, new legal regulations and ever increasing competition: the pharmaceutical industry constantly has to face new challenges. It is a good thing to have a partner like Rondo-Pak onside; Rondo-Pak constantly has current developments and future trends in view and develops appropriate intelligent solutions. For standard folding boxes, clinical trial samples or customised special folding boxes: Rondo-Pak's Tamper Evidence offers an extensive range of

packaging solutions which fulfil a wide variety of different requirements. These may relate to child safety or patient compliance, counterfeit protection or serialization, tamper evidence or customised folding boxes which meet special requirements: We ensure that your pharma products are packaged securely and cost-effectively.

UNFOLD EFFICIENCY: BENEFIT FROM SAFE, FAST AND ECONOMIC PROCESSES.

RONDO-PAK'S EXPERTISE: EVERYTHING AROUND THE PERFECT FOLDING BOX.

Packaging and marketing pharma products efficiently: one aspect of this is intelligent secondary packaging. But this realises its full potential only if all the upstream processes are running efficiently. Rondo-Pak's expertise therefore covers the entire spectrum of pharma packaging. Development and design combine functionality and marketing aspects. GMP-compliant production of folding boxes ensures high

quality and cost-effectiveness. And intelligent supply chain management ensures smooth operating processes. This expertise is based on our many years of experience in the pharmaceutical industry and an understanding of our customers' processes – to which we have adapted our own processes.

UNFOLD CONFIDENCE: COUNT ON THE RONDO-PAK COMPANY AND ITS PARTNERS.

THE RONDO-PAK COMPANY: YOU CAN COUNT ON IT.

Packaging pharma products is a matter not only of technology but above all of trust. In the final analysis it concerns people's health and pharmaceutical products which have taken many years of research. What do Rondo-Pak's customers count on? Our quality management, which guarantees safe processes and products. Our environmental management, which guarantees sustainable handling of resources. And our highly qualified employees, who provide reliable solutions

based on their experience and commitment. Our strong corporate structure is another reason to rely on us: it encompasses our international presence in Switzerland, the Czech Republic, the New Jersey and Puerto Rico, as well as our affiliation with the Medipak Systems Group - five companies which specialize in the needs of the pharmaceutical industry.
